

## Cellular Telephone Guidelines and Contract

(Please fill out and return with registration packet)

Students use and/or borrow others' cell phones. Therefore, we would like all families to be aware of the following cell phone guidelines. Please review them with your student prior to the first day of school.

- Students do not have permission to use the phone during the school day.
- Students need to keep the phones in backpacks or lockers (out of sight) during the school day.
- Phones must be turned off and can be used only after dismissal time.
- Phones may not be used for the purpose of taking photographs unless permission is granted in advance by school administration.
- Jordan is not liable for loss or damage of phones.
- Students have access to a school telephone and may use it with adult supervision for school purposes during the school day.

If my child abuses these regulations, he/she will lose the privilege to have/borrow a cell phone at school, and the phone will be confiscated by the administration (for the parent/guardian to pick up).

- My child is aware of the guidelines and has permission to have a cell phone in his/her possession at school.
- My child is aware of the guidelines and does **not** have permission to have a cell phone in his/her possession at school.
- My child does not have a cell phone but is aware of the guidelines should he/she borrow a cell phone from another student.
